MEMORANDUM FOR: CHIEF, TRANSACTIONS AND RECORDS
ACTING CHIEF, FISCAL DIVISION

SUBJECT: Temporary Indefinite Appointments

The temporary indefinite limitation placed on a number of excepted appointments was by administrative determination and it was not the administrative intention to place such appointments outside the periodic within grade statute.

For the purpose of leave and salary administration, including periodic within grade salary increases, it was the intent that employees whose appointments were designated "Temporary Indefinite" would be considered as permanent employees.
